Executive Vice President
Focus on the Family
Colorado Springs, Colorado 80995

Dear Mr. London,

I want you to be aware of my communications with Focus regarding GFI and Gary Ezzo. It is my understanding from another doctor that you are very familiar with the various curricula and your insight may help resolve the issues that I have detailed in the enclosures. I appeal to you to intervene in this matter so that both ministries can work in unity to help families.

Sincerely,
