

Tons of thanks to Gary and Anne Marie Ezzo for the whole of their materials. We began with *Growing Kids God's Way* in 1992/93 when our son was almost two, and our daughter was on the way. We followed immediately with *Preparation for Parenting* (making sure we were complete by the time our daughter was born). The results have been amazing. We now have four wonderful, happy, bright children who love God and are just great kids. I am a minister and I just baptized my youngest this weekend.

We give God the glory for our family, and give the Ezzos credit for being directed by God to equip us for family ministry.

Thanks,

Jeff and Roni Hathaway
