

We have seen many families encouraged, lives changed, but best of all we have had a number of Mums & Dads come to know Jesus Christ as their personal Saviour as a result of being involved with GKGW. We are still discipling a young mum who almost committed suicide and just decided to come to our church just as we were starting a GKGW class. She loved the teaching from Gary & Anne Marie and then she agreed to do a bible study with us and we introduced her to Jesus. If you had met her when she started doing GKGW and met her again now you would not recognise her as the same person. She is practicing her profession and she is testimony to 2 Cor 5:17. She believes that her husband is very close to becoming a Christian, which is what we have been praying for.
