

We became involved with Growing Families back in 1992 when we lived in Arizona. Our boys were 1 and 3 at the time. We started in a GKGW class in 1992 and have taught it every year, sometimes twice in a year, since 1992. We have taught every class GFI offers and our sons are now 15 1/2 and 17 1/2. We have taught at GFI Regional and National Conferences, and our sons spoke with us at the 2005 GFI National. It has been our privilege to know Gary and Anne Marie since we first met them in 1993 and they have been a blessing to our family ever since. Our sons are in the teen years and we are enjoying them very much.
